MoMo-ToreTore Variant Rule Term Exam Version

In this variant rule, the scoring system is changed.
Change 【7】 and 【8】 in the rulebook as follows.

【7】 Scoring

After the game is over, count the number of cards you've gained as yourscore, 1 point for each card. (Don't add up the numbers of the Moo Moo cards.) However, each set of 3 moo moo, comprised of 1 spotted moo moo, 1 red moo moo, and 1 black moo moo, counts as 5 points.

【8】 Bonus points

1 point for each Moo Moo card with kids.
1 point for each remaining UFO chip.

The player who has the highest score in total wins the game.

* In this case, the set of 3, 4, and 5 counts as 5 points.

Remaining 2 cards (3 and 4) count as 2 points.
It's 7 points in total.
